<u>CHAPTER</u>		<u>PAGE NO.</u>
PART I: ADMINISTRATIVE DRAFT NCCP/MSAAHCP		
EXECUTIVE SUMMARY	ES-1
CHAPTER 1: INTRODUCTION	1-1
1.1 Organization of the Southern NCCP/MSAA/HCP Documents	1-1
1.1.1 Statutory and Conceptual Framework –		
Southern California NCCP and MSAA Programs	1-4
a. Southern California NCCP Program	1-4
b. MSAA Program	1-5
c. Regulatory Coverage	1-6
d. Coordination and Timing of Approvals Under the Coordinated Planning Process	1-9
1.1.2 County Planning: Events Leading to Preparation of the Southern NCCP/MSAA/HCP	1-9
a. County of Orange Subregional Planning Agreement	1-9
b. Central and Coastal Subregion NCCP/HCP	1-9
c. Matrix Area	1-10
1.2 Description of the Southern Subregion Planning Program	1-11
1.2.1 Planning Area Location and Characteristics	1-11
a. Subregional NCCP/MSAA/HCP Study Area	1-11
b. Planning Area	1-12
1.2.2 Subregion Local Governments and Public Agencies	1-12
1.2.3 Participating Landowners	1-13
1.2.4 Overview of Southern Subregion Planning History	1-14
1.2.5 The Wildlife Geographic Information System and Public Participation Program	1-16
a. County Wildlife Geographic Information System	1-16
b. Public Participation Process	1-17
1.3 Coordinated Planning Process	1-18
1.3.1 Overview of the Elements of the Coordinated Planning Process	1-18
1.3.2 The Need for a Coordinated Planning and Regulatory Process	1-19
1.3.3 Public Planning Objectives	1-20
1.3.4 Sequence of Lead Agency Actions for the NCCP/MSAA/HCP, SAMP and GPA/ZC	1-21
1.3.5 Key Product/Decision Milestones and Linkages	1-23
1.4 Coordination of NCCP Act and Fish and Game Code Requirements and Associated NCCP Guidelines With the Requirements of the Federal Endangered Species Act	1-24

TABLE OF CONTENTS

<u>CHAPTER</u>		<u>PAGE NO.</u>
1.4.1	Relationship of the Southern California Coastal Sage Scrub NCCP Program and Fish and Game Code to the Requirements of the Federal Endangered Species Act	1-24
1.4.2	Relation of the Southern NCCP/MSAA to the Coastal Sage Scrub NCCP Process Guidelines and Conservation Guidelines.....	1-26
1.4.3	Relationship to the Recommendations of the NCCP Southern Science Advisors	1-29
1.4.4	Role of the Draft Southern Planning Guidelines and Draft Southern Watershed Planning Principles	1-29
1.4.5	Relationship of the Southern Subregion NCCP/MSAA Program to Critical Habitat Designations and Recovery Planning for Existing and Future Listed Species Under FESA and Conservation Requirements Under the NCCP Act	1-30
1.5	Conservation Planning for Designated Species, Vegetation Communities and CDFG Jurisdictional Areas	1-32
1.5.1	Intent of the Original “Pilot” Coastal Sage Scrub NCCP/MSAA/HCP Program	1-32
1.5.2	Regulatory Coverage Proposed for Species, Vegetation Communities and CDFG Jurisdictional Areas Under the Southern NCCP/MSAA/HCP.....	1-33
1.6	Phased Implementation of the Southern NCCP/MSAA/HCP	1-35
1.7	Use of the Southern NCCP/MSAA/HCP to Address Regulatory Requirements	1-35
1.7.1	Formulation of the Subregional Conservation Strategy as the Vehicle for Addressing State and Federal Mitigation and Conservation Requirements	1-37
1.7.2	Preparation of a Programmatic Joint EIR/EIS.....	1-39
1.7.3	Alternatives Evaluated by the NCCP/MSAA/HCP and Joint EIR/EIS	1-40
1.7.4	Relationship with Other Regional and State Planning Programs	1-41
CHAPTER 2:	PROJECT NEED AND PURPOSES	2-1
2.1	Project Need	2-1
2.1.1	NCCP/HCP	2-1
a.	California Department of Fish and Game	2-2
b.	U.S. Fish and Wildlife Service	2-4
c.	County of Orange	2-6
d.	Participating Landowners	2-7
2.1.2	Coordinated Planning for the NCCP/MSAA/HCP and the SAMP	2-7
2.1.3	Coordinated Processes for the NCCP/MSAA/HCP and the Proposed General Plan Amendment/Zone Change for Rancho Mission Viejo Lands.....	2-9

TABLE OF CONTENTS

<u>CHAPTER</u>	<u>PAGE NO.</u>
2.1.4 Coordination with Water Quality Planning and Management	2-10
2.2 Project Purposes	2-10
2.2.1 Purposes of the Planning Participants	2-11
a. Formulate a NCCP/HCP “Conservation Strategy” to carry out the SRP and Science Advisors conservation planning principles and tenets of reserve design.	2-14
b. Specific Goals in Furtherance of the Formulation and Ultimate Implementation of the NCCP/MSAA/HCP Conservation Strategy	2-15
c. Addressing Applicable Provisions of FESA, NCCP Act and Fish and Game Code 1600 et. seq. Consistent with CEQA/NEPA Tiering and Programmatic Environmental Review Provisions	2-26
2.2.2 Collective Purposes of the Participating Local Governments/ Landowners.....	2-27
a. Provide for land uses meeting the social and economic needs of the people of the subregion and overall County area by designating areas where the loss of Conserved Vegetation Communities providing habitat and Take of Covered Species resulting from the need to respond to societal needs would be compatible with the NCCP/MSAA/HCP Conservation Strategy and would be permitted consistent with the NCCP Act and Section 10 of FESA and Fish and Game Code Section 1600 et seq.	2-27
b. Identify land areas and uses, compatible with Covered Species and Conserved Vegetation Community conservation needs, that could provide the economic basis for dedications and management funding essential to the formation and long-term management of the NCCP/MSAA/HCP Habitat Reserve and provide the basis for voluntary agreements with private landowners required for any public acquisition of Habitat Reserve lands.	2-28
2.2.3 Individual Purposes of Participating Local Governments and Landowners.....	2-29
a. The County of Orange.....	2-29
b. Rancho Mission Viejo	2-31
c. The Santa Margarita Water District.....	2-32
CHAPTER 3: EXISTING BIOLOGICAL AND HYDROLOGIC/GEO-MORPHIC SETTING	3-1
3.1 Database Development Methods	3-1
3.1.1 Vegetation Communities.....	3-2
3.1.2 Sensitive Wildlife and Plant Species.....	3-4
3.1.3 Geomorphic and Hydrologic Conditions.....	3-7
3.1.4 Role of the NCCP Science Advisors.....	3-8

TABLE OF CONTENTS

<u>CHAPTER</u>		<u>PAGE NO.</u>
3.2	Vegetation Communities/Land Covers and Associated Species	3-9
3.2.1	Coastal Sage Scrub	3-10
a.	General Description.....	3-10
b.	Coastal Sage Scrub Communities in the Study Area	3-11
c.	Distribution of Coastal Sage Scrub in the Study Area	3-12
d.	Distribution of Coastal Sage Scrub in Subarea Plan Areas.....	3-12
e.	Wildlife Associated with Coastal Sage Scrub.....	3-14
f.	Human-Related Disturbances and Threats	3-14
3.2.2	Chaparral	3-15
a.	General Description.....	3-15
b.	Chaparral Communities in the Study Area.....	3-18
c.	Distribution of Chaparral in the Study Area.....	3-18
d.	Distribution of Chaparral in Subarea Plan Areas.....	3-18
e.	Wildlife	3-19
f.	Human-Related Disturbances and Threats	3-19
3.2.3	Grasslands.....	3-19
a.	General Description.....	3-19
b.	Grasslands in the Study Area.....	3-22
c.	Distribution of Grasslands in the Study Area.....	3-23
d.	Distribution of Grasslands in the Subareas.....	3-24
e.	Wildlife	3-24
f.	Human-Related Disturbances and Threats	3-25
3.2.4	Woodlands and forest	3-25
a.	General Description.....	3-25
b.	Distribution of Woodlands and Forest in the Study Area	3-26
c.	Distribution of Woodlands and Forest in the Subareas	3-27
d.	Wildlife	3-27
e.	Human-Related Disturbances and Threats	3-27
3.2.5	Riparian Vegetation Communities	3-28
a.	General Description.....	3-28
b.	Riparian Vegetation in the Study Area and Distribution in Subarea Plan Areas.....	3-29
c.	Wildlife	3-35
d.	Human-Related Disturbances and Threats	3-36
3.2.6	Other Wildland Vegetation Communities/Covers	3-36
a.	Cliff and Rock.....	3-36
b.	Aquatic Communities/Covers	3-37
3.2.7	Non-Natural Land Covers	3-43
a.	Agriculture	3-43

TABLE OF CONTENTS

<u>CHAPTER</u>		<u>PAGE NO.</u>
	b. Disturbed Areas	3-43
	c. Developed	3-44
3.3	Geomorphic and Hydrologic Conditions and Processes	3-45
3.3.1	Geomorphic Setting.....	3-45
	a. Regional Geology.....	3-45
	b. Terrains.....	3-46
3.3.2	Historic Context.....	3-48
	a. Natural Processes.....	3-48
	b. Floods	3-49
	c. Watershed Scale Fires	3-50
	d. Grazing	3-50
3.3.3	Surface Hydrology.....	3-51
3.3.4	Groundwater.....	3-52
3.3.5	Sediment Processes.....	3-53
3.3.6	Water Quality.....	3-54
3.4	Wildlife and Plants.....	3-57
3.4.1	Listed Species and Other Planning Species.....	3-57
	a. Group 1	3-57
	b. Group 2	3-58
	c. Group 3	3-67
3.4.2	Sensitive Wildlife and Plant Species Distributions in the Planning Area and Subarea Plan Areas.....	3-68
	a. San Juan Creek Watershed	3-69
	b. San Mateo Creek Watershed	3-82
	c. San Clemente Watershed	3-89
3.5	Wildlife Habitat Linkages and Corridors	3-89
CHAPTER 4	DRAFT SOUTHERN SUBREGION PLANNING GUIDELINES	4-1
4.1	Introduction.....	4-1
4.1.1	Purpose of the Guidelines	4-1
4.1.2	Relationship of Draft Southern Planning Guidelines to Other Planning Program Criteria.....	4-2
4.1.3	Format of Chapter	4-2
4.1.4	Relationship to Species Occurring Downstream and Outside the Planning Area in the San Mateo Creek Watershed	4-3
4.2	Planning Area Tenets and Principles.....	4-4
4.2.1	NCCP Tenets of Reserve Design	4-4
4.2.2	Science Advisors Translation of Tenets to Subregional Reserve Design Principles.....	4-7

TABLE OF CONTENTS

<u>CHAPTER</u>		<u>PAGE NO.</u>
4.3	General Policies for Protecting, Managing and Restoring Habitat that Supports Selected Species	4-9
4.4	Species Accounts for Listed and Selected Planning Species	4-20
4.5	Sub-Basin Scale Planning Considerations	4-20
4.5.1	San Juan Creek Watershed.....	4-21
	a. Chiquita Canyon Sub-basin	4-22
	b. Gobernadora Canyon Sub-basin	4-30
	c. Central San Juan & Trampas Canyon Sub-basin.....	4-35
	d. Central San Juan Subunit	4-35
	e. Trampas Canyon Subunit	4-38
	f. Verdugo Canyon Sub-basin.....	4-42
4.5.2	San Mateo Creek Watershed.....	4-43
	a. Cristianitos Canyon Sub-basin	4-43
	b. Gabino and Blind Canyons Sub-basin	4-48
	c. Upper Gabino Subunit	4-48
	d. Middle Gabino Canyon Subunit.....	4-50
	e. Lower Gabino Subunit including Blind Subunit	4-52
	f. La Paz Canyon Sub-basin	4-54
	g. Talega Canyon Sub-basin	4-56
	h. Other Planning Area.....	4-58
4.5.3	Other Planning Area-Wide Species Considerations	4-60
	a. Golden Eagle.....	4-61
	b. Mountain Lion	4-61
	c. Mule Deer.....	4-63
4.6	Planning Area Restoration Overview	4-64
4.6.1	Restoration of Upland Vegetation Communities	4-64
	a. Preliminary Designation of Coastal Sage Scrub Restoration Areas	4-64
	b. Preliminary Designation of Valley Needlegrass Grassland Restoration Areas.....	4-65
	c. Preliminary Designation of Coastal Sage Scrub/ Valley Needlegrass Grassland Restoration Areas.....	4-66
4.6.2	Restoration of Riparian/Wetland Vegetation Communities.....	4-66
	a. Preliminary Designation of Riparian/Wetland Restoration Areas	4-66
	b. Preliminary Designation of Small-scale Creek Stabilization Areas	4-67
CHAPTER 5:	WATERSHED AND SUB-BASIN PLANNING PRINCIPLES.....	5-1
5.1	Introduction.....	5-1
5.1.1	Relationship of the Draft Southern Watershed Planning Principles to Other Planning Program Criteria.....	5-2

TABLE OF CONTENTS

<u>CHAPTER</u>	<u>PAGE NO.</u>
5.1.2 Format of Chapter	5-2
5.1.3 Relationship to Species Downstream and Outside the Planning Area	5-3
5.2 Southern Watershed Level Planning Tenets and Principles	5-3
5.2.1 SAMP Tenets	5-3
5.2.2 Baseline Conditions Watershed Planning Principles	5-4
a. Geomorphology/Terrains	5-4
b. Hydrology	5-5
c. Sediment Sources, Storage and Transport	5-7
d. Groundwater Hydrology	5-8
e. Water Quality	5-9
5.3 Spatial Representation of Watershed Scale Terrains and Hydrology Planning Considerations.....	5-10
5.4 Relationship of Planning Principles to SAMP Tenets	5-11
5.5 Sub-Basin Scale Planning Considerations	5-12
5.5.1 San Juan Creek Watershed.....	5-13
a. Chiquita Sub-basin	5-13
b. Cañada Gobernadora Sub-basin and Central San Juan North of San Juan Creek	5-15
c. Wagon Wheel Sub-basin	5-19
d. Trampas Sub-basin and Central San Juan South of San Juan Creek	5-19
e. Verdugo Sub-basin.....	5-20
5.5.2 San Mateo Watershed.....	5-22
a. Cristianitos Sub-basin	5-22
b. Gabino and Blind Sub-basin	5-23
c. La Paz Sub-basin	5-26
d. Talega Sub-basin	5-27
CHAPTER 6: CONSERVATION PLANNING PROCESS	6-1
6.1 Organization of this Chapter	6-1
6.2 Summary of Pre-NCCP/MSAA/HCP Habitat Protection	
Commitments Within the Planning Area	6-2
6.2.1 Habitat Protection and Connectivity for Wildlife Movement.....	6-2
6.2.2 Protection for Listed Species	6-4
6.2.3 Conservation Planning Opportunities	6-4
6.2.4 Non-NCCP Federal Actions Contributing to Conservation Planning Options	6-5
6.3 Creation of a Geographic Information System and Completion of the Comprehensive Resource Inventory Database	6-6

TABLE OF CONTENTS

<u>CHAPTER</u>		<u>PAGE NO.</u>
6.4	Establishment of the Southern Orange County Coordinated Planning Process	6-7
6.4.1	Overview of the Elements of the Coordinated Planning Process	6-7
6.4.2	The Need for a Coordinated Planning and Regulatory Process	6-9
6.4.3	Public Planning Objectives	6-10
6.4.4	Sequence of Lead Agency Actions for the NCCP/MSAA/HCP, SAMP and GPA/ZC	6-12
6.4.5	Key Product/Decision Milestones and Linkages	6-12
6.5	Formulation and Application of Reserve Design Tenets, Guidelines and Principles	6-14
6.6	The Public Participation Process	6-15
6.7	Identification and Evaluation of Alternatives	6-16
6.7.1	Circulation System Assumptions and Alternative Scenarios	6-20
6.7.2	Programmatic Alternatives Considered that Must Be Addressed Under Existing State/Federal Laws and that are Not Based on NCCP/MSAA/HCP and SAMP Goals	6-22
6.7.3	Habitat Reserve Alternatives Intended to Address NCCP/MSAA/HCP and SAMP Goals	6-26
a.	Range of Habitat Reserve Alternative Identified and Considered	6-26
b.	Refinement of the Habitat Reserve Design	6-26
6.7.4	Selection of Alternatives for Evaluation in the Joint EIR/EIS – Summary of Alternatives Reviewed and Rejected	6-26
a.	Programmatic Alternatives Selected for Continuing Analysis	6-34
b.	Habitat Reserve Alternatives Selected for Continuing Analysis.....	6-35
c.	Programmatic Alternatives Not Receiving Additional Evaluation	6-38
d.	Habitat Reserve Alternatives Not Receiving Additional Evaluation	6-39
6.8	Consideration of Related Species Critical Habitat Determinations	6-43
 CHAPTER 7: DESCRIPTION OF THE HABITAT RESERVE MANAGEMENT AND MONITORING PROGRAM.....		7-1
7.1	Overview of Habitat Reserve Management Program	7-1
7.1.1	Description of the Ongoing Management Program for County Parks Implemented by the County Department of Harbors, Beaches and Parks	7-5
7.1.2	Adaptive Management and Monitoring Program for the Rancho Mission Viejo Land Conservancy	7-6
7.1.3	Adaptive Management and Monitoring Program Associated with the Prima Deshecha Landfill Project	7-7

TABLE OF CONTENTS

<u>CHAPTER</u>	<u>PAGE NO.</u>
7.2 Relationship of the Adaptive Management Program to State and Federal Guidelines and Policies	7-7
7.2.1 NCCP Conservation Guidelines	7-8
7.2.2 Contemporary Adaptive Management.....	7-9
7.2.3 Consistency with U.S. Fish and Wildlife Service Five-point Policy.....	7-11
7.2.4 Consistency with the U.S. Geological Survey Adaptive Management Guidelines.....	7-12
a. Identify the goals and objectives of the regional conservation plan	7-13
b. Identify the scope of the monitoring program.....	7-13
c. Compile information relevant to monitoring program design	7-14
d. Strategically divide the system and set priorities	7-15
e. Develop simple management-oriented conceptual models.....	7-15
f. Determine what to monitor and identify critical uncertainties.....	7-16
g. Determine strategy for implementing monitoring	7-16
h. Develop data quality assurance, data management, analysis and reporting strategies	7-16
i. Complete the adaptive management loop by ensuring effective feedback for decision-making.....	7-17
7.2.5 Changed Circumstances	7-17
a. Regulatory Definitions	7-17
b. Changed Circumstances and Unforeseen Circumstances	7-18
c. Proposed Procedures for Addressing Unforeseen Circumstances	7-25
7.3 Administration and Coordination of Management and Monitoring Prog rams.....	7-25
7.3.1 Administrative Structure and Coordination Within the Habitat Reserve	7-25
7.3.2 Administrative Coordinator	7-25
7.3.3 Rancho Mission Viejo Land Conservancy and Reserve Manager	7-27
a. Rancho Mission Viejo Land Conservancy	7-27
b. Reserve Manager	7-28
7.3.4 Science Panel.....	7-30
a. Structure of the Science Panel	7-31
b. Duties of the Science Panel	7-32
c. Coordination with Participants	7-33
7.3.5 Timeline for Initiation of the Habitat Reserve Management Program	7-34
a. Near-Term Baseline Monitoring	7-35
b. Near-Term Management Measures	7-36
c. Interim Management Policies Relating to Future Phased Land Dedications to the Habitat Reserve	7-40
d. Long-Term HRMP Implementation	7-40

TABLE OF CONTENTS

<u>CHAPTER</u>	<u>PAGE NO.</u>
7.3.6 Process for Revisions to the Adaptive Management Program Based on Management and Monitoring Data and Scientific Review	7-40
7.3.7 Data Collection, Storage and Analysis.....	7-41
a. Data Collection	7-42
b. Data Storage and Management	7-43
c. Data Analysis	7-43
7.3.8 Program Implementation Tracking, Reporting and Analysis	7-44
a. Compliance Monitoring	7-44
b. Effectiveness Monitoring.....	7-44
7.4 Overview of the Adaptive Management Program.....	7-47
7.4.1 Environmental Stressor Approach.....	7-48
a. Focus on Both Natural and Human-caused Stressors.....	7-49
b. Characteristics of Conceptual Environmental Stressor Models	7-50
c. Formulation of Stressor Models for Vegetation Communities	7-53
d. Formulation of Stressor Models for Covered and Focal Species	7-54
7.4.2 Formulation of Management Objectives	7-56
a. Landscape-scale Issues.....	7-60
b. Major Vegetation Communities	7-67
c. Covered and Focal Species.....	7-70
7.4.3 Relationship Between Adaptive Management and Experimental Research.....	7-88
7.4.4 Role of Baseline Studies.....	7-89
7.5 Elements of the Habitat Reserve Adaptive Management Program	7-89
7.5.1 Passive and Active Management	7-90
a. Passive Management.....	7-90
b. Active Management	7-90
7.5.2 Adaptive Management Approach to Achieve Program Goals.....	7-93
a. Maximize the likelihood of the Persistence of a Native-dominated Vegetation Mosaic in the Planning Area	7-93
b. Restore the Quality of Degraded Vegetation Communities and Other Habitat Types	7-96
c. Maintain and Restore Abiotic Natural Processes, at All Identified Scales, Capable of Supporting the Habitat Reserve	7-98
7.6 Prioritization of Major Vegetation Communities and Associated Species for Management and Monitoring.....	7-98
7.6.1 Method for Prioritizing Vegetation Communities for Management and Monitoring	7-99
a. Selection and Community Assignment of Species	7-101
b. Species Richness and Uniqueness Indices	7-105
c. Index of Disturbance	7-106

TABLE OF CONTENTS

<u>CHAPTER</u>	<u>PAGE NO.</u>
7.6.2 Vegetation Community Ranking	7-108
7.7 Coastal Sage Scrub and Focal Species	7-112
7.7.1 Adaptive Management Issues	7-112
7.7.2 Adaptive Management Goals and Objectives	7-115
7.7.3 Strategies for Monitoring Coastal Sage Scrub and Focal Species	7-115
a. Vegetation Monitoring	7-116
b. Focal Species Monitoring	7-120
7.7.4 Management of Coastal Sage Scrub and Focal Species	7-124
7.7.5 Restoration of Coastal Sage Scrub	7-125
7.8 Chaparral and Focus Species	7-127
7.8.1 Adaptive Management Issues	7-128
7.8.2 Adaptive Management Goals and Objectives	7-129
7.8.3 Strategies for Monitoring Chaparral and Focal Species	7-130
a. Vegetation Monitoring	7-131
b. Focal Species Monitoring	7-132
7.8.4 Management of Chaparral and Focal Species	7-133
7.8.5 Restoration of Chaparral	7-134
7.9 Native Grassland and Focal Species.....	7-135
7.9.1 Adaptive Management Issues	7-135
7.9.2 Adaptive Management Goals and Objectives	7-138
7.9.3 Strategies for Monitoring Grassland and Focal Species	7-138
a. Vegetation Monitoring	7-139
b. Focal Species Monitoring	7-139
7.9.4 Management of Grasslands and Focal Species	7-141
a. Annual Grassland	7-141
b. Native Grassland.....	7-142
7.9.5 Restoration of Native Grassland.....	7-144
7.10 Riparian/Wetland and Focal Species.....	7-147
7.10.1 Adaptive Management Issues	7-148
7.10.2 Adaptive Management Goals and Objectives	7-149
7.10.3 Strategies for Monitoring Riparian/Wetland and Focal Species	7-150
a. Vegetation and Abiotic Systems Monitoring	7-150
b. Focal Species Monitoring	7-152
7.10.4 Management of Riparian/Wetland and Focal Species.....	7-154
7.10.5 Restoration of Riparian/Wetland	7-160
7.11 Woodlands and Focal Species.....	7-162
7.11.1 Adaptive Management Issues	7-163
7.11.2 Adaptive Management Goals and Objectives	7-164
7.11.3 Strategies for Monitoring Woodlands and Focal Species	7-166

TABLE OF CONTENTS

<u>CHAPTER</u>	<u>PAGE NO.</u>
a. Vegetation Monitoring	7-166
b. Focal Species Monitoring	7-168
7.11.4 Management of Woodlands and Focal Species	7-169
7.11.5 Restoration of Woodlands.....	7-171
7.12 Adaptive Management of Site-Specific Resources	7-172
7.12.1 Vernal Pools and Associated Species	7-172
a. Adaptive Management Issues.....	7-173
b. Adaptive Management Goals and Objectives	7-175
c. Strategies for Monitoring Vernal Pools and Associated Species	7-175
d. Management of Vernal Pools and Associated Species	7-177
7.12.2 Plant Covered Species	7-179
a. Adaptive Management Issues.....	7-179
b. Adaptive Management Goals and Objectives	7-180
c. Monitoring, Management and Restoration of Plant Covered Species.....	7-181
7.13 Adaptive Management of Habitat Linkages and Wildlife Corridors.....	7-193
7.13.1 Adaptive Management Issues	7-193
7.13.2 Adaptive Management Goals and Objectives	7-194
7.13.3 Strategies for Management and Monitoring of Habitat Linkages and Wildlife Corridors.....	7-195
7.14 Wildland Fire Management Plan.....	7-199
7.15 Habitat Restoration Plan.....	7-201
7.15.1 Overview of Habitat Restoration Plan	7-201
7.15.2 Upland Habitat Restoration Areas	7-202
7.15.3 Riparian/Wetland Restoration Areas.....	7-202
7.15.4 Approaches to Restoration	7-203
7.15.5 Components of Specific Restoration Plans.....	7-204
7.16 Invasive Species Control Plan.....	7-205
7.16.1 Overview of Invasive Species Control Plan	7-205
7.16.2 Invasive Plant Species	7-206
7.16.3 Invasive Invertebrate Species.....	7-207
7.16.4 Invasive Vertebrate Species.....	7-208
a. Bullfrog.....	7-209
b. Crayfish	7-209
c. Brown-headed Cowbird and European Starling	7-210
7.17 Conceptual Work Plan, Schedule and Costs of the Adaptive Management Program.....	7-211
7.17.1 Assumptions for AMP Work Plan, Schedule and Costs	7-211
7.17.2 AMP Work Plan, Schedule and Cost Projection for Years 2007-2031	7-220
7.17.3 County OMP/AMP Costs	7-224

TABLE OF CONTENTS

<u>CHAPTER</u>	<u>PAGE NO.</u>
7.18 Coordinated Management Plans	7-225
7.18.1 Grazing Management Plan.....	7-225
a. Overview of the Grazing Management Plan.....	7-225
b. Goals and Objectives of the Grazing Management Plan.....	7-226
c. General Description of Grazing Management Plan.....	7-228
7.18.2 Water Quality Management Plan	7-229
a. Overview of the Water Quality Management Plan	7-229
b. Key Long Term Management Concepts Embodied in the Water Quality Management Plan.....	7-234
c. Long-Term Adaptive Management of the Draft Water Quality Management Plan.....	7-240
CHAPTER 8: REVIEW OF THE ‘B’ ALTERNATIVES – NCCP/MSAA/ HCP AVOIDANCE AND MINIMIZATION MEASURES AT THE SUB-BASIN LEVEL.....	8-1
8.1 The Analytic Framework for the Review of NCCP/ MSAA/HCP Alternatives in Chapters 8 and 9	8-1
8.1.1 Species Accounts	8-2
8.1.2 NCCP and SAMP Sub-Basin Guidelines and Principles – Consistency with Geographic-Specific Avoidance and Minimization Review Criteria.....	8-3
8.1.3 Use of NCCP and SAMP Landscape-Scale Guidelines – Consistency with Landscape Level Guidelines and Principles	8-4
8.2 The Analytic Framework for the Chapter 8 Review of the ‘B’ Alternatives	8-5
8.3 Analysis of Consistency of the Habitat Reserve Alternatives With the Draft Southern Planning Guidelines and Draft Watershed Planning Principles.....	8-5
8.3.1 Consistency Analysis Methodology for the Review of the A-5 Alternative and the ‘B’ Alternatives.....	8-5
8.3.2 Summary of the Sub-basin Consistency Analyses.....	8-7
a. Alternative A-5	8-8
b. Alternative B-8	8-9
c. Alternative B-10M	8-11
d. Alternative B-12	8-13
8.3.3 Summary of Planning Species Conservation	8-16
8.3.4 Circulation Systems Consistency Analysis	8-16
a. San Juan Creek Watershed Circulation System Consistency Review	8-17
b. San Mateo Creek Watershed Circulation System Consistency Analysis	8-21

TABLE OF CONTENTS

<u>CHAPTER</u>	<u>PAGE NO.</u>
CHAPTER 9: REVIEW OF HABITAT RESERVE DESIGN/HABITAT RESERVE MANAGEMENT PROGRAM ALTERNATIVES 9-1	
9.1 Overview of Alternatives Analysis.....	9-1
9.1.1 Focus of Chapter 9	9-1
9.1.2 Statutory Framework	9-1
9.1.3 Conservation Goals and Analytic Framework for the Chapter 9 Alternatives Analysis	9-2
9.1.4 Application of the Draft Southern Planning Guidelines and Draft Watershed Planning Principles to the Chapter 9 Review of Alternatives	9-4
9.1.5 Relationship of the Analysis of the ‘B’ Alternatives to Potential Impacts on Planning Species and Vegetation Communities.....	9-8
9.1.6 Project Purposes and Feasibility Considerations Relevant to Assessing Habitat Reserve Design Alternatives and the Habitat Reserve Management Program Consistent with Applicable Guidelines While Allowing for Compatible and Appropriate Development and Growth	9-8
a. Project Purposes.....	9-8
b. Feasibility of Alternatives in Relation to Project Purposes	9-9
9.1.7 Programmatic Alternatives and Habitat Reserve Alternatives.....	9-10
a. Programmatic Alternatives	9-11
b. Habitat Reserve Design Alternatives.....	9-12
9.2 Analysis of Programmatic Alternatives	9-13
9.2.1 No Project/No SAMP (Alternative A-4, no figure)	9-14
a. Significant Elements of the No Project/No SAMP Alternative.....	9-15
b. Consistency with NCCP/MSAA/HCP Purposes and Goals	9-15
c. Adaptive Management and Implementation/Funding	9-17
9.2.2 No Take Alternative	9-17
a. Significant Elements of the A-5 No Take Alternative	9-17
b. Consistency with NCCP/MSAA/HCP Purposes and Goals	9-18
c. Adaptive Management and Implementation/Funding	9-22
d. Consistency with the Purposes and Goals of Planning Participants.....	9-23
e. Conclusion Regarding the No Take Alternative	9-23
9.3 Analysis of Habitat Reserve Alternatives	9-24
9.3.1 Alternative B-8.....	9-24
a. Overview of Major Landscape and Habitat Reserve Planning Features of the Proposed Habitat Reserve on RMV Property	9-24
b. Summary of Major Conservation Strategy Issues Raised in the Chapter 8 Sub-Basin Consistency Reviews and this Chapter 9 Landscape-Scale Consistency Review for the

	B-8 Alternative 9-26
c.	Conclusions Regarding Consistency with Subregional Conservation Goals and Objectives 9-30
9.3.2	Alternative B-10M 9-30
a.	Overview of Major Landscape and Habitat Reserve Planning Features of the Proposed Habitat Reserve on RMV Property 9-30
b.	Summary of Major Conservation Strategy Issues Raised in the Chapter 8 Sub-Basin Consistency Reviews and this Chapter 9 Landscape-Scale Consistency Review for the B-10M Alternative 9-33
c.	Conclusions Regarding Consistency with Subregional Conservation Planning Goals and Objectives 9-35
9.3.3	Alternative B-12 9-36
a.	Overview of Major Landscape and Habitat Reserve Planning Features of the Proposed Habitat Reserve on RMV Property 9-36
b.	Summary of Major Conservation Strategy Issues Raised in the Chapter 8 Sub-Basin Consistency Reviews and this Chapter 9 Landscape-Scale Consistency Reviews for the B-12 Alternative 9-40
c.	Conclusions Regarding Consistency with Subregional Conservation Planning Goals and Objectives 9-41
9.4	Summary of Habitat Reserve Alternatives Selection 9-42
CHAPTER 10:PROPOSED CONSERVATION STRATEGY	10-1
10.1	Chapter Overview 10-2
10.1.1	Subregional Conservation Planning Components 10-2
10.1.2	Creation of a Subregional Habitat Reserve Management Program (HRMP) 10-3
10.1.3	Provision for a Subregional Framework for Regulatory Coverage 10-3
10.1.4	Provide for an Enforceable Implementation Agreement (IA) 10-4
10.1.5	Protection of Biotic and Abiotic Resources 10-6
a.	Conservation of Biotic Resources: Wildlife Species and Vegetation Communities 10-6
b.	Maintenance of Biological Connectivity 10-6
c.	Protection of Abiotic Resources and Natural Processes 10-7
10.1.6	Participating Landowners/Permittees 10-9
a.	Participating Landowners/Permittees that are Requesting Regulatory Coverage as Part of this Draft NCCP/MSAA/HCP 10-10

TABLE OF CONTENTS

<u>CHAPTER</u>	<u>PAGE NO.</u>
b. County Department of Harbors, Beaches and Parks (HBP) Compatible Uses Related to Operation, Maintenance Management Of Natural Open Space in Regional and Wilderness Parks Proposed to be Committed to the Habitat Reserve.....	10-12
c. Potential Participating Local Jurisdictions with Designated Open Space that would not be Managed as Part of the Habitat Reserve.....	10-14
10.1.7 Summary of Covered Activities under the Proposed Conservation Strategy.....	10-15
a. County of Orange	10-15
b. Rancho Mission Viejo	10-21
c. Santa Margarita Water District.....	10-23
10.2 Implementation of the NCCP/MSAA/HCP at the Subarea Level	10-27
10.2.1 Description of Subareas	10-27
10.2.2 Regulatory Coverage Requested Within Subareas	10-30
10.3 Proposed Habitat Reserve.....	10-36
10.3.1 Ownership of the Habitat Reserve	10-38
10.3.2 Protection of Major Landscape Features	10-38
10.3.3 Protection of Conserved Vegetation Communities.....	10-40
10.3.4 Protection of Populations of Species Proposed to Receive Regulatory Coverage	10-41
10.3.5 Assembling the Habitat Reserve.....	10-41
a. Incorporation of Pre-Existing Protected Open Space into the Proposed Habitat Reserve	10-42
b. Incorporation of Lands Subject to Conservation Easements Resulting form the Phased dedication of RMV Open Space	10-43
10.3.6 Management of Lands and Easements Designated for Inclusion In the Habitat Reserve During the Interim Period Following Approval of the NCCP/MSAA/HCP and Prior to Formal Inclusion In the Habitat Reserve.....	10-44
10.3.7 Covered Activities and Compatible Uses within the Proposed Habitat Reserve.....	10-44
10.4 Supplemental Open Space	10-45
10.4.1 Overview Description of Supplemental Open Space.....	10-45
10.4.2 Supplemental Open Space within Subarea 1	10-47
a. SOS within the Prima Descheca Landfill.....	10-47
b. National Audubon Society Starr Ranch Sanctuary	10-48
c. Horro Basin Portion of the Ladera Conservancy.....	10-48
10.4.3 Subarea 2 SOS (Foothill Trabuco Specific Plan Area).....	10-48

10.4.6 Cleveland National Forest	10-49
10.5 Urban/Wildland Interface Zone	10-50
10.6 Conclusions	10-50
 CHAPTER 11: COVERED ACTIVITIES, COMPATIBLE USES AND PROHIBITED USES WITHIN THE HABITAT RESERVE 11-1	
11.1 Overview.....	11-1
11.2 Covered Activities.....	11-2
11.2.1 Habitat Reserve Management and Monitoring Activities	11-2
11.2.2 RMV Ranch Operations and Facilities	11-6
a. Grazing	11-6
b. Agriculture	11-6
c. Infrastructure.....	11-6
d. Other Ranch Facilities	11-7
e. Maintenance and Operations of All Covered Activities Within RMV	11-7
11.2.3 RMV Ortega Rock Mining Facilities and Activities	11-7
11.2.4 Recreation and Access on the RMV Habitat Reserve Lands.....	11-7
11.2.5 New Infrastructure Facilities.....	11-8
a. New Infrastructure Policies	11-9
b. Infrastructure Operation and Maintenance Policies.....	11-13
c. Infrastructure Emergency Procedures and Policies	11-14
11.2.6 Policies Governing Existing Uses	11-15
a. Background.....	11-15
b. Habitat Reserve Existing Use Policies.....	11-16
11.2.7 RMV Ongoing Baseline Condition Commitments for Areas Designated for Future Inclusion in the Habitat Reserve	11-17
a. General Interim Use Policies	11-17
b. Rancho Mission Viejo Ongoing Management Measures Designed to Maintain Baseline Conditions in Areas Designated For Future Inclusion in the Habitat Reserve	11-18
11.3 Compatible Public Access and Recreation Uses within the Habitat Reserve	11-19
11.3.1 Consistency with Related Recreation Programs	11-20
11.3.2 Public Access and Recreation Policies	11-21
11.3.3 Location and Design of Future County HBP Recreational Facilities	11-22
11.4 Uses Prohibited within the Habitat Reserve	1-23

CHAPTER 12: IMPLEMENTING THE SUBREGIONAL CONSERVATION STRATEGY: FUNDING AND FINANCING OF THE HABITAT RESERVE MANAGEMENT PROGRAM	
	12-1
12.1 Introduction	12-1
12.2 Summary of Projected HRMP Implementation Costs	12-2
12.2.1 Ongoing Management Program Costs	12-2
12.2.2 County Parkland Adaptive Management Program Costs	12-2
12.2.3 RMV Adaptive Management and Reserve Monitoring Costs	12-3
12.2.4 Reserve Manager Administrative Expenses	12-5
12.3 Funding Resources For Implementation Of The HRMP	12-6
12.3.1 HRMP Funding Resources and Programs	12-6
a. Fund Management -- HRMP Accounts	12-6
b. Committed Resources and Programs	12-7
c. Sufficiency of Funds / Coverage of Projected HRMP Expenses and Administrative Costs.....	12-10
12.3.2 County Habitat Reserve Lands – Supplemental Funding Resources.....	12-12
a. Identified Supplemental Resources for AMP Activities	12-12
b. Sufficiency of Funds / County Habitat Reserve Lands	12-14
12.3.3 Supplemental and Alternative Funding Resources/Programs	12-14
12.4 Distribution Of Remaining NCCP/MSAA/HCP Funds In The Event Of Early Program Termination.....	12-17
12.5 Costs and Funding For Mitigation Obligations	12-18
12.5.1 County Of Orange.....	12-18
12.5.2 Rancho Mission Viejo	12-19
12.5.3 Santa Margarita Water District	12-19
12.6 Costs And Funding For RMV Ongoing Management Measures (Interim Management Plan).....	12-19
CHAPTER 13: CONSERVATION AND IMPACT ANALYSES FOR SPECIES AND VEGETATION COMMUNITIES PROPOSED TO RECEIVE STATE AND FEDERAL REGULATORY COVERAGE.....	
	13-1
13.1 Overview of State and Federal Regulatory Framework	13-1
13.1.1 Statutory Standards Proposed to be Addressed in the Covered Species and Conserved Vegetation Communities Analyses in this Chapter.....	13-1
a. NCCP – State Law	13-1
b. MSAA – State Law	13-2
c. FESA – Federal Law	13-2

13.1.3 Basic Organization of Regulatory Coverage Analyses	13-11
a. Proposed Covered Species.....	13-12
b. Proposed Conserved Vegetation Communities	13-12
13.2 Conservation and Impact Analyses for Species Proposed to Receive Regulatory Coverage	13-12
13.2.1 Hierarchical Analysis of Species that Were Considered to Receive Regulatory Coverage	13-12
13.2.2 Species Proposed to Receive State and Federal Regulatory Coverage	13-14
13.2.3 Indirect Impacts of the Proposed Covered Activities	13-18
a. Impacts	13-18
b. Minimization of Indirect Impacts.....	13-20
13.2.4 Conservation and Impact Analysis Summaries for Species Proposed to Receive Regulatory Coverage	13-23
a. General Overview of Conservation and Impacts for Proposed Covered Species	13-34
b. Conservation and Impacts for Proposed Covered Species by Participating Landowners	13-38
c. Temporary Impacts on Habitats and Proposed Covered Species	13-40
d. Ranch Cattle Grazing Operations and Species and Vegetation Communities Proposed for Regulatory Coverage	13-42
13.2.5 Detailed Analyses for Species Proposed to Receive Regulatory Coverage.....	13-51
a. Burrowing Owl (<i>Athene cunicularia</i>)	13-54
b. Coastal Cactus Wren (<i>Campylorhynchus brunneicapillus couesi</i>)	13-58
c. Coastal California Gnatcatcher (<i>Polioptila californica californica</i>).....	13-65
d. Cooper’s Hawk (<i>Accipiter cooperii</i>).....	13-71
e. Grasshopper Sparrow (<i>Ammodramus savannarum</i>)	13-75
f. Least Bell’s Vireo (<i>Vireo bellii pusillus</i>)	13-81
g. Long-eared Owl (<i>Asio otus</i>).....	13-85
h. Southwestern Willow Flycatcher (<i>Empidonax traillii extimus</i>)	13-88
i. Tricolored Blackbird (<i>Agelaius tricolor</i>)	13-91
j. White-Tailed Kite (<i>Elanus leucurus</i>).....	13-98
k. Yellow-breasted Chat (<i>Icteria virens</i>)	13-105
l. Yellow Warbler (<i>Dendroica petechia</i>)	13-109
m. Arroyo toad (<i>Bufo microscaphus</i>)	13-113
n. California Glossy Snake (<i>Arizona elegans occidentalis</i>)	13-122
